LETTER OF RECOMMENDATION

To whom it may concern,

I am writing this letter to recommend Rajiv Nayan. Rajiv worked as a Changemaker (Campus Ambassador) Intern with PiblitZ from 5/1/2021 to 14/02/2021. During his internship, he actively marketed the platform by personal outreach, brought valuable users and projects on PiblitZ, and organized competitions in his college for the company.

Rajiv worked with us during his 1.5 months-long internship training program. He is sincere, disciplined, and can work well in a professional work environment. He successfully completed his training in platform marketing, converting potential audience, and tricks to achieve targets. He worked under my and Heemin Shah's guidance and was able to successfully complete the targets assigned.

I am elated to recommend Rajiv for a marketing internship/job in your company, as he has the right skills needed for a marketing job.

Thank you for your time and consideration.

Co-Founder & CMO,
